

VETERANS SERVICES

New Vitae Wellness and Recovery is honored to partner with the Department of Veterans Affairs along with the Department of Military and Veterans Affairs to provide services to veterans in need.

New Vitae Wellness and Recovery offers behavioral health and addiction treatment to veterans challenged by serious mental illness, co-occurring disorders and traumatic brain injury. A full continuum of care including Residential Habilitation, Extended Residential, Transitional Living and Community Support programs is offered. Person-centered, holistic, trauma-informed care is provided together with evidence-based treatment interventions to promote independence and sustained recovery.

New Vitae Wellness and Recovery provides safe, stable housing in a structured, therapeutic environment to veterans challenged by homelessness, recurring hospitalization, incarceration, substance abuse, traumatic brain injuries, depression and other mental health related problems.

Please contact our Admissions department for more information on our array of services and funding options.

We are a resource to:

- VA's Mental Health Intensive Case Managers (MHICM)
- Veterans Affairs Medical Centers (VAMC)
- VA's Polytrauma/TBI System of Care (PSC)
- Veterans Justice Outreach Coordinators (VJO)
- PA Department of Military and Veterans Affairs (DMVA)
- DMVA Regional Program Outreach Coordinators (RPOC)
